Activ

Activ is a community benefit organisation.

We provide a range of opportunities and choices for people with disabilities and their families to pursue a better life, living and working in the community to their fullest.

Home and Community Care (HACC) Services

Activ's HACC Services are funded by the HACC Program, a joint Commonwealth and State funded program administered by the WA Department of Health.

We support people with disabilities and their carers to build and maintain the skills needed to carry out everyday activities and continue living independently in the community.

Services are provided across eight regions of WA in Beaconsfield, Rockingham, Churchlands, Wanneroo, Bunbury, Margaret River, Busselton, Manjimup, Albany, Esperance and Geraldton.

Services delivered are:

Social Support

One on one and small group assistance, addressing each person's need for social contact or accompaniment to be able to participate in community life.

Centre Based Day Care

Structured group activities at an Activ HACC centre, including evening and weekend activities. Transport to the centre may be available.

Respite Care

Assistance to carers so they may have relief from their caring role and pursue other activities or interests.

Transport

Transportation in an Activ service vehicle, staff member's vehicle or indirectly through taxi voucher or subsidies.

Counselling, Information & Advocacy (Esperance only)

Assistance with managing situations, behaviours and relationships associated with the caring role, including advocacy, advice, information and training.

Assessment

Determination of eligibility for service provision, identification of clients' and carers' needs, development and review of care plans.

Client Care Coordination

Implementation of care plans and liaison with other service providers involved in assisting client's needs.

Cost of Services

Activ's HACC Services fees are in line with WA HACC Fees Policy and based on the client's ability to pay. Under this policy the service fee level is means tested and is assessed using a confidential Income Assessment form.
