# Charity Golf Day for

Back in 1951, a small group of families came together with a common goal, to provide opportunities for their children with disabilities. Sixty years on, the Activ Foundation has become one of the largest disability service providers in Western Australia. This has happened because the community worked together and helped Activ to support thousands of families in WA. Join us at the Hillview Charity Golf Day for Activ, celebrate Activ's 60th year and help support people with disabilities living in WA.
