“Activ provides a setting for developing skills essential to being part of a successful workplace team...”

Activ is a not-for-profit organisation dedicated to promoting a better life by providing a range of choices and opportunities for people with disability and their families living and working in the community.

Activ offers full time and part time work to people with disability.

Facilities in Activ's workplaces may vary depending on the type of work being done. Work can be inside or outside. Work can be wet, dry or dusty. Some work is very noisy. Some work is done sitting down all day while some is done standing. For some work you will need to wear safety gear, like gloves, eye goggles, earmuffs, aprons and steel capped boots. These things need to be considered before choosing where to work.

We will try to match your job to your skills, abilities and interests.

Activ Business Services offers you:

Training - Activ can teach you the skills involved in gaining and retaining employment.

Skills development - Activ can teach you specific skills such as the safe operation of equipment and machinery.

Learning opportunities - Activ provides a setting for developing skills essential to being part of a successful workplace team such as getting on with your co-workers, participating in meetings and having a say.

Other benefits of working for Activ:

- Support from trained staff.
- A support plan developed for you which will list your work goals and training needs.
- Opportunities to apply for other jobs within your workplace and at other Activ workplaces.
- Opportunities to learn skills that increase your employment options; like getting a job in open employment.
- Transport - sometimes Activ can help you with transport to and from your workplace.

Before getting a job with Activ you will need to be:

(Employment Criteria)

- Registered with Centrelink
- 15 years old or older
- Able to work full time or part time (at least 8 hours per week)
- Willing to work
- Able to go to the toilet independently
- Able to eat and wash independently
- Able to move around the workplace or use a wheelchair or walking frame independently
- Able to work in a group where there is one supervisor and 10 employees
- At work on time every working day
- At work on work days unless sick or on holiday
- Able to work without hurting yourself, other people or property

Employment conditions:

All employees at Activ get the same employment conditions as other people who work in the general workforce.

Employees at Activ are employed under the Supported Employee Industry Award and the Activ Foundation Supported Employees Wages Agreement.

Work experience:

If you are still at school or have recently left school, you can come to Activ to learn about work opportunities and the skills you need.

Work trial:

Before you can get a permanent job at Activ you will need to complete a work trial for 3 months. During this time, you will learn more about the job, see if you can do the work and whether you choose to work for Activ.

Employment choices:

Employees have a choice of working in:

- Timber manufacturing
- Metal manufacturing
- Plastics processing
- Marine supplies
- Landscaping
- Property care
- General packaging
