

Behaviour Support

When you see the word **we**

- it means Activ

Behaviour means how you act

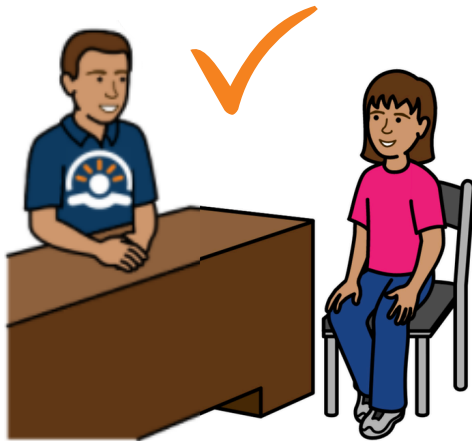

- with you body
- and your voice

Some people use behaviour to say what they need

- rather than words

We have help called **Behaviour Support**

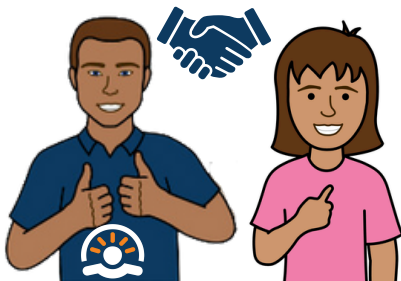

Behavior Support means we learn:

- what you need

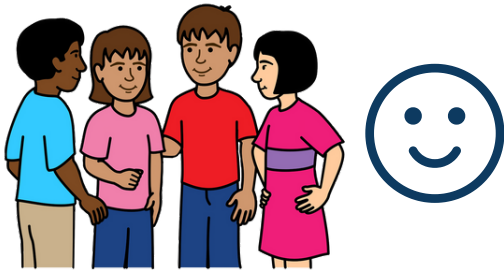

and then

- help you get what you need

We work with you

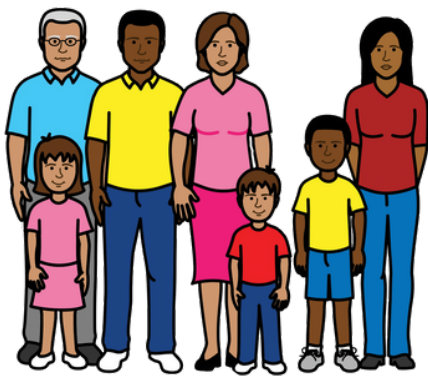

- and get to know you
- so we can help you in the way that you want
- and need

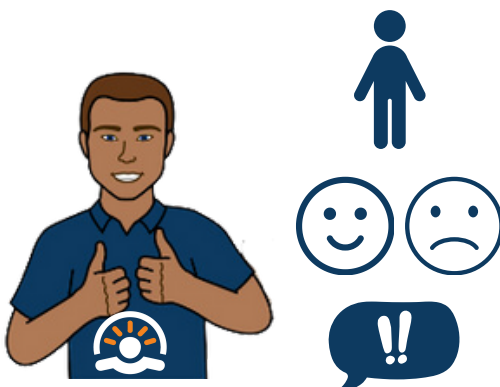

We want you and the people
around you to feel:

- calm
- and safe

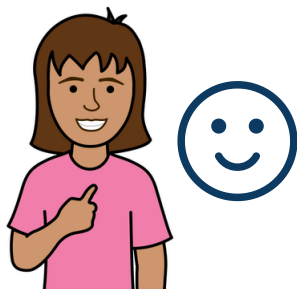

We work closely with:

- you
- your fammily
- people who support you

Our team has lots of skills so can
help you with:

- how you move
- how you feel
- how you talk

We want to help you:

- be happy
- reach your goals

We can help you by:

- getting to know you

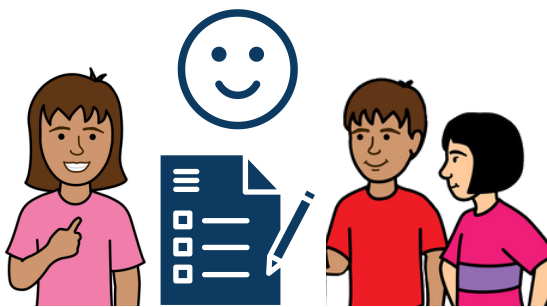

This means we:

- listen to you
- learn what is important to you
- learn what you enjoy
- learn what you want
- and what makes you happy

We can help you by:

- making an **Interim Behaviour Support/Safety Plan**

This means we quickly make a plan to:

- help you
- keep you safe
- keep the people around you safe

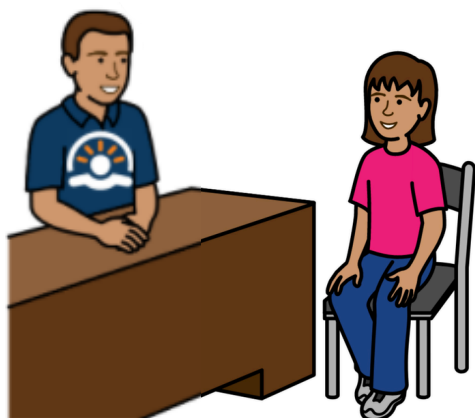

We will use this plan

- until we get to know you better
- and can make a better plan
- that will help you more

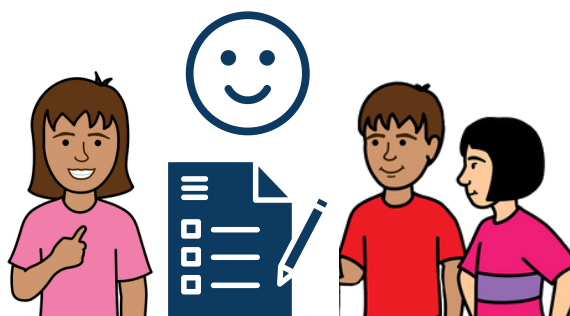

We can help you by:

- making a **Behaviour Support Plan**

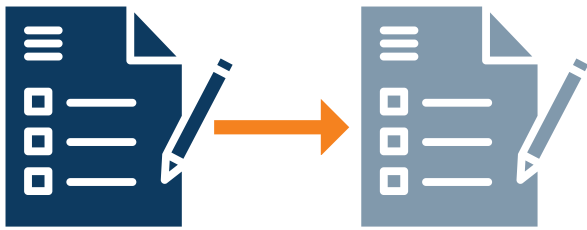

This means we:

- learn as much as we can about you
- get you to do some tests
- ask lots of questions
- get help from different workers

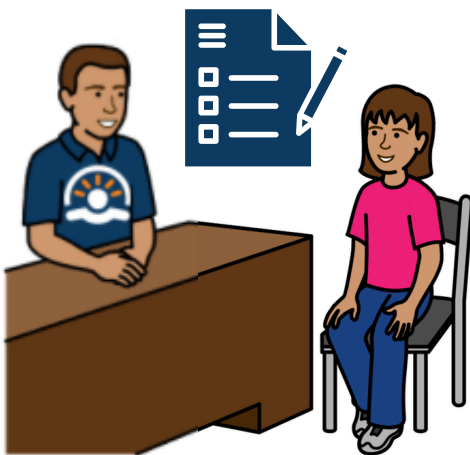

This plan will:

- help you
- keep you safe
- keep the people around you safe

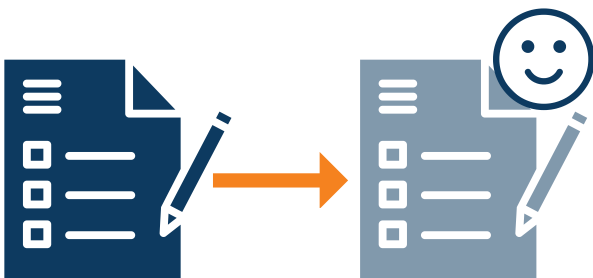

We can help you by:

- changing an old **Behaviour Support Plan**

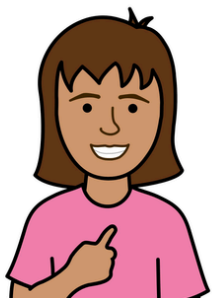

This means we:

- look at your plan
- learn as much as we can about you
- get you to do some tests
- ask lots of questions
- get help from different workers

We will make changes to your plan to:

- help you more
- help the people around you

If you want to know more

- or you want this kind of help
- ways you can fund this kind of help
